NCA dues are not tax deductible as charitable contributions for federal income tax purposes. However, they may be deductible as ordinary and necessary business expenses subject to federal restrictions which prohibit the deduction of a portion of the dues used for certain lobbying activities. NCA estimates that the nondeductible portion of your dues for this year is 1.5%. This amount reflects only certain lobbying activities which are defined by federal law as nondeductible and does not reflect NCA's overall government relations effort.
